Building a Simple Linear Model

Janani Ravi
CO-FOUNDER, LOONYCORN

www.loonycorn.com

Overview

Building a linear model in scikit-learn with just a single feature

Performing multiple regression

Performing linear regression using data with categorical values

Demo

Performing simple linear regression with a single feature

Demo

Performing linear regression using multiple features

Demo

Performing linear regression using data with categorical values

Summary

Building a linear model in scikit-learn with just a single feature

Performing multiple regression

Performing linear regression using data with categorical values
